

# BIM MANAGEMENT

## EXPERTISE

Our BIM Management Systems provide our clients with an efficient understanding of their projects without the need for new skills or expensive software.

## MANAGEMENT EXPERIENCE

Our team is comprised of industry experts with a combined 60+ years experience in clash detection, locally and overseas. With this in depth knowledge, we are equipped to meet tight deadlines.

## MAINTAINING INTELLIGENCE

Our team is experienced across all disciplines from Design through to Detail allowing us to maintain project intelligence and tie up loose ends from start to finish.

## COST EFFECTIVE

With successfully developed systems that take advantage of free software, our clients have the freedom to embrace change whilst avoiding upfront software investments.
